🐙 CVanzetta

🌐 [Portfolio](#)

BACKEND · AI · DATA

Software Engineer focused on AI and Data, building and productionizing solutions powered by LLMs, AI agents and Machine Learning. My experience spans backend development, automation and CI/CD, with a growing focus on MLOps and data engineering.

EDUCATION

2026

Expert in Software Architecture & Development
Master's degree (EQF Level 7)
ENI École Informatique · Institut d'Ingénierie
Informatique de Limoges

2025

Software Application Design & Development
Bachelor's-level qualification
ENI École Informatique

LANGUAGES

- Français — Native
- Anglais — B2+ · TOEIC 880/990
- Coréen — A2

TECHNICAL SKILLS

- Python · TypeScript · Java
- FastAPI · Playwright · Vue 3
- LLMs · Agents IA · Computer Vision
- Docker · CI/CD · Terraform · AWS
- PostgreSQL · MLOps · Cloud

INTERESTS

- Badminton — Competitive
- Asian cultures & travel
- Japanese Mahjong (Riichi)

EXPERIENCE

SOFTWARE ENGINEER — AI & AUTOMATION

FORTIL · Mutuelle de Poitiers Assurances
2024 - Present

- Built a Playwright automated testing framework integrated with GitLab CI/CD
- Designed an agentic AI platform for QA, covering test generation, failure diagnosis and automated test repair
- Built Python / LLM orchestration with ReportPortal, GitLab and Jira integrations
- Industrialized AI workflows with FastAPI, testing, security and LLM evaluation; partnered with client QA and business teams from requirements to adoption

FULL-STACK DEVELOPER

2023 - 2024

- Website and booking system using PHP / Angular

SOUS-CHEF

스페인 야시장 (Spain Yasijang), Seoul
2018 - 2019

- Supervised a team and coordinated day-to-day operations in an international environment
- Developed strong adaptability and autonomy while working in a cross-cultural environment

PROJECTS

ENERVISION — SMART ENERGY OPTIMIZER

Master's Project · 2026

- Architecture FastAPI · Vue 3 · PostgreSQL
- Pipeline ETL & Machine Learning
- MLOps: drift monitoring, retraining & redeployment
- Docker containerization
- CI/CD & IaC : GitHub Actions · Trivy · Terraform
